CORDLESS DRYWALL SCREWDRIVER

MESSAGE FROM THE OWNERS

The HERNDON CONSTRUCTION SERVICES, INC. workers compensation policy is based on an annual basis. That period of time is March 1 - February 28. We just completed our official year and it is one of the safest years we have ever experienced. Congratulations to each and every employee for not only doing a good job, but making it as SAFE as possible. HERNDON CONSTRUCTION SERVICES and the management staff strive to do everything we can to provide you a safe working environment. That is only one part of the formula it takes to make SAFETY work. The second and equally important part is YOU. Watching out for your fellow employees, following the safety rules and working SAFELY is even more important. Again, thank you and please keep up the good and safe work you are doing. We must diligently work safely every day, every hour and every minute. Keep your guard up at all times.

Finally I hope you and your family enjoyed the 2014 Company Christmas party. It was good seeing you and your families. My goodness there were a lot of children. That's great. *John Herndon & Pat Herndon*

CONGRATULATIONS

"One of Our Safest Years on Record!"

WORK HARD. WORK SAFE. SAFETY PAYS!

2014 Year in Review...Christmas Party

2014 was a solid year for HCS. We ended on a high note as we saw a significant increase in job starts in the 4th quarter. The hard work that everyone put in is very much appreciated. We look to keep the momentum going into 2015.

We closed 2014 with an incredible Christmas Party. Thanks to all who helped organize the event. See photos below:
