

# Safety Pays

## JANUARY UPDATE

---

We had a **NO RECORDABLE INJURIES** occur in the month of **December**.

It's been 127 days since our last injury!!!

Thank you all for making safety a priority in your daily work habits.

**All employees will receive a \$10 Wal-Mart Card!!!**

Our Safety Supervisor of the Month is **Robert Von Glahn**. Robert and his crew will be awarded an on-site lunch. Thank you for keeping your crew safe!

Safety Awareness Award Winner: **Kevin Talley**

### **PREVENT WATER DAMAGE ON THE JOB**

When starting a job, one of the first safety steps is to **identify the location of the fire sprinkler shut-off valve**. Also, it is extremely important that this valve remain accessible through the duration of the project.

Failure to take this safety measure could result in catastrophic damage to the job site.

We will be adding this safety check to our monthly Site Safety Surveys.

**Work Hard. Work Safe. Safety Pays!**
